

CITY OF PIEDMONT
CAPITAL IMPROVEMENT PROJECTS
CITIZEN PROPOSAL FORM 2018

Please return this form and any supporting information to the Public Works Department no later than Wednesday March 14, 2018

The Capital Improvement Projects (CIP) Committee is soliciting recommendations for future capital projects from all Piedmont residents. Citizen proposals will be reviewed and analyzed by the CIP Committee. The Committee will summarize their findings regarding community needs and desires for new capital projects and present their recommendations to City Council.

The Committee will make recommendations to the City Council for which projects should be approved for funding. The Council will review these recommendations during their deliberations on the FY 18-19 budget.

INSTRUCTIONS:

Fill out the attached form and include any additional information that is pertinent to your proposal. Please return your form to Nancy Kent, Parks and Project Manager @ nkent@piedmont.ca.gov or mail/drop off at City Hall 120 Vista Ave. Piedmont.

ITEM DESCRIPTIONS:

Project address or location: Describe as best as possible the location of the proposed project with either the address, name of street, intersection or park. If this is a City-wide project, please state that it is "a City-wide project."

Project description: Describe the proposed project in as much detail as possible. Are you proposing the solution to a problem by addressing a safety and security issue; a functional issue; an aesthetic benefit to the City; or a cost-savings to the City? You may attach any additional information such as sketches, photographs or pictures that might be useful.

Ongoing project suggestions: Project suggestions can also be additions to ongoing projects. Several projects continue to be on the CIP list, such as renovations to the Community Hall plaza, amphitheater and rear terrace; upgrading the restroom facilities and Howard Avenue entrance to Beach playfield; and renovations to the play area behind the Exedra.

Public – Private Partnerships

Many of the City's projects have been successful due to a strong public - private partnership that help raise funds, but equally important, raised awareness as to the project's broader value for all of Piedmont. Some of the City's most successful projects were born from the inspired ideas of a few residents that grew into a neighborhood cause and eventually captured the spirit of the entire city. Please indicate if you believe that your idea would be a good candidate for such a partnership

Please return completed form by March 14 to:

Nancy Kent, Parks & Project Manager
Piedmont Public Works
120 Vista Avenue
Piedmont, CA 94611

Or by email: nkent@piedmont.ca.gov

Proposer's Name:

Address:
