DESIGN REVIEW PERMIT STANDARDS  
(To be completed by the applicant.)

The hearing body (the Planning Commission or City Council) may not approve a design review permit unless the design of the project conforms to all the standards listed below (§17.66.060). **Please describe how the proposed project meets the standards for approving a design review permit:**

(i) The proposed design is consistent with the City's General Plan and Piedmont Design Guidelines. *(Describe how the project's exterior design elements are aesthetically pleasing as a whole and harmonious with existing and proposed neighborhood development. These elements include but are not limited to: height, bulk, area openings, breaks in the façade, line and pitch of the roof, materials, arrangements of structures on the parcel, and concealment of mechanical and electrical equipment. You may cite specific guidelines and General Plan goals and policies.)*

---

---

---

---

---

---

---

---

(ii) The design has little or no effect on neighboring properties' existing views, privacy, and access to direct and indirect light.

---

---

---

---

---

---

---

---

(iii) The proposed design does not adversely affect pedestrian or vehicular safety.

APPLICANT'S VARIANCE FINDINGS

The hearing body (the Planning Commission or City Council) may approve a variance only if it makes the findings listed below. Please describe how the proposed project meets the variance criteria of City Code Section 17.70.040.

1. The property and existing improvements present unusual physical circumstances of the property (including but not limited to size, shape, topography, location and surroundings), so that strictly applying the terms of this chapter would keep the property from being used in the same manner as other conforming properties in the zone; *(Describe specific, unique problems with the property, such as location, surroundings, mature trees, natural obstacles or formations, and explain why the improvements cannot be made in conformity with codes and regulations. Issues of personal hardships -- such as family size, finances, and medical condition -- should not be considered.)*

---

---

---

---

---

---

---

---

2. The project is compatible with the immediately surrounding neighborhood and the public welfare; and *(Explain why, without the variance, the owner cannot use the property in the same manner as others in the same zone, and explain how the variance will not give the owner an advantage over others in the same zone.)*

---

---

---

---

---

---

---

---

3. Accomplishing the improvement without a variance would cause unreasonable hardship in planning, design, or construction. In this subsection 3, *unreasonable hardship* refers to the unusual physical characteristics of the property and existing improvements, and not to conditions personal to the applicant.: *("Unreasonable hardship" for purposes of this subsection refers to the unusual physical characteristics of the underlying lot and existing improvements on the lot which prohibit development of the lot in a manner consistent with lots conforming to City standards. "Unreasonable hardship" shall not refer to any conditions personal to the applicant.)*

## PLANNING COMMISSION DESIGN REVIEW SUBMITTAL CHECKLIST

\_\_\_ Design Review and Variance Fees

**Some of the following application materials may not be necessary for your application. Please call 510-420-3050 to make an appointment with the City Planner who will advise you which of the following materials you will be required to submit for your design review (and variance) applications:**

**2 sets of plans** must be submitted with this application for an initial staff review for completeness.  
**8 additional sets of plans** must be submitted at least 12 calendar days prior to the Planning Commission meeting if your application is scheduled on the agenda.

**Plans must be folded, no larger than 24"x 36", and to scale.** Unless otherwise determined by staff, plans submitted for PLANNING COMMISSION VARIANCE AND/OR DESIGN REVIEW must include:

- Existing Site Plan** (preferred scale 1/8")  
Please indicate the location of all existing structures, hard-surface areas, property lines, and easements. Provide setback dimensions from all existing structures to property lines (setbacks are measured from the property line to the nearest point of the structure including all eaves, sills, cornices and/or other architectural projections). Please show a North arrow.
  
- Proposed Site Plan** (preferred scale 1/8")  
Please indicate the location of all existing and proposed structures, hard-surface areas, property lines, and easements. Provide setback dimensions from all proposed construction to property lines (setbacks are measured from the property line to the nearest point of the structure including all eaves, sills, cornices and/or other architectural projections). Please show a North arrow.  
  
For any application that seeks to construct a new structure or make a building footprint expansion, please include the footprints of all adjacent structures within 20 feet of the proposed new construction (50 feet in zone E), excluding structures across the street. The adjacent structures may be indicated with a solid or dotted line that outlines the footprints of the structures, including decks and structural stairs. Please identify the structures by use (i.e. "residence", "deck", "stairs", and "garage", etc.), and indicate the dimensions between the closest point of any adjacent structure and the proposed construction.
  
- Roof Plans (Existing and Proposed)** (preferred scale 1/8")  
Roof plans should include the pitch, overhangs, skylights, chimneys, vents, and gutters. they may be shown on the site plans.
  
- Existing Floor Plans** (preferred scale 1/4")  
Please provide plans for all floor levels including basements and attics, and indicate include room names, window and door locations, built-in cabinet, appliance and fixture locations, ceiling heights, and parking space dimensions.
  
- Proposed Floor Plans** (preferred scale 1/4")  
Please provide plans for all floor levels including basements and attics, and indicate include room names, window and door locations, built-in cabinet, appliance and fixture locations, ceiling heights, and parking space dimensions.
  
- Existing Elevations** (preferred scale 1/4")  
North, South, East and West elevations (proposed to be changed or affected by new construction) including all existing materials, styles and operational characteristics of windows and doors, and roof slopes. Additionally, if the height of the building is changing, please show the average existing building height. Please do not abbreviate architectural terms.

- Proposed Elevations** (preferred scale 1/4")  
North, South, East and West elevations (proposed to be changed or affected by new construction) including all proposed materials, styles and operational characteristics of windows and doors, and roof slopes. Please include exterior vents, downspouts, gutters and exterior light fixtures. Additionally, if the height of the building is changing, please show the average proposed building height. Please do not abbreviate architectural terms.
  
- Graphic Calculations (1 set only)**  
Please submit plans which graphically illustrate the required calculations. Calculations are expressed as percentages and are recorded on the attached Zone A or E Information sheet. Separate graphic calculations are to be submitted, as follows:
  - Existing and Proposed Lot Coverage/Structures** equals the number of square feet of structures covering the lot divided by the number of square feet in the lot. For a complete definition of structure coverage, please see Piedmont City Code §17.90.020.
  - Minimum landscape coverage** equals the number of square feet of landscaped area divided by the number of square feet in the lot. For a complete definition of landscape please see Piedmont City Code §17.90.020.
  - Existing and proposed floor area ratio (FAR)** equals the number of square feet of floor area divided by the number of square feet in the lot. For a complete definition of floor area ratio, please see Piedmont City Code §17.90.020.
  
- Landscape Plans** when required by Section 17.34 of the Piedmont City Code.  
Landscape Plans should include lot lines, indicate landscape areas, identification of vegetation, the location of all structures and hardscape surfaces. The landscape plans may also include a plant list including the size and spacing of plants to be installed and the location of proposed planting. Landscape plans must also address irrigation and comply with the *California Water Efficient Landscape Ordinance*.
  
- Story Pole Certification** when required.
